

# Kalender

Rätselheft

Was: Raten  
Rätseln  
Malen  
Wann: Januar bis  
Dezember

Hallo,  
hast du dir schon einmal Gedanken über unseren Kalen-  
der gemacht?  
Wie viele Tage hat ein Jahr? ---- - genau!  
Im Schaltjahr sind es sogar 366 Tage.  
Welcher Monat hat dann einen Tag mehr? -----  
Der Kalender richtet sich nach der Sonne. Die Zeit, welche  
die Erde benötigt um die Sonne zu umrunden nennt man  
ein Jahr. Festgelegt wurde das im Jahr 1582 und nach dem  
damaligen Papst Gregor benannt.  
Seitdem richten sich die meisten Länder der Welt nach  
dem gregorianischen Kalender.  
Dieser Kalender teilt das Jahr in zwölf Monate ein. Ab-  
wechselnd haben die Monate 30 und 31 Tage. Dabei gibt  
es eine Ausnahme. Weißt du, welche aufeinander folgen-  
den Monate die gleiche Tagesanzahl haben? ---- und  
-----.  
Die Namen der Monate zeigen ihre römische Herkunft.  
Jeder Monat hat seine Besonderheit.  
Vier Monate beinhalten den Anfang einer Jahreszeit. Weißt  
du, welche es sind? Schreibe ihre Nummer auf: \_ \_ \_ \_ \_  
Gott hat das Jahr wunderbar gemacht. Jeder Monat steckt  
voller Abenteuer. Komm mit durch das Jahr und entdecke  
jeden Monat ein neues Rätsel!

**Dieses Heft gehört:**

\_\_\_\_\_

# Steckbrief

# Januar

Name: Januar

Tage: 31

Jahreszeit: Winter

Feiertage: 2

Klima: kältester Monat

„Es schneit, es schneit!“, fröhlich rennen die Kinder aus dem Haus. Thea, Maxi und Karl lieben den Januar und sie lieben Schnee. Schneeballschlacht und Schneemannbauen stehen auf dem Plan. Errate die Lieblingsportart der Kinder. Suche dazu im Schneeball alle Winter-sportarten, welche du auf dieser Seite findest.

ICH BIN THEA. AUF DER PISTE FÜHLE ICH MICH AM WOHLSTEN BEIM FAHREN.

MEIN NAME IST MAXI. MEINE FREUNDE UND ICH SPIELEN AM LIEBSTEN AUF DEM EIS.

ICH HEISSE KARL UND LIEBE ES IM DUREN DIE LANDSCHAFT ZU FAHREN.

Wörterfindung im Schneeball:

## Steckbrief

# Februar

Name: Februar

Tage: 28/29

Jahreszeit: Winter

Felertage: 0

Klima: kalt

Im Februar werden meistens Zeugnisse verteilt. Es beginnt das zweite Halbjahr in der Schule. Der Februar ist der Monat, der alle vier Jahre einen Tag mehr hat. Damit holt unser Kalender die Sonne ein und die Zeit verschiebt sich nicht.

Draußen ist es kalt und ungemütlich, umso schöner ist es im Haus. Im Kinderzimmer gibt es viele Spielzeuge. Kannst du zehn Fehler im unteren Bild finden?
